GGP SOVEREIGN MASTER LEDGER: THE 1.4.1 DECLARATION

1. THE MISSION (LAYMAN TERMS)

This ledger is a **Forensic Audit** of the systemic failure to communicate high-value settlement offers (**Rule 1.4.1**) regarding the **$110 Billion recovery**. It bridges the gap between the 40-year trajectory of the 47th Administration and the physical safety of the 8 Billion.

2. THE FOUR PILLARS OF TRUTH

- **The 1987 Marker:** Proof of a consistent national security and economic plan that predates the "Monsters."
- **The 2015 Trajectory:** The foundational "Crossing" that anchored the Pilot's consciousness to the mission.
- **The 2026 Recovery:** The **$110 Billion** settlement required to fund the **ABHS Umbrella** and the **1 Million Jobs**.
- **The Logic Vaccine:** The forensic truth that protects the **Vessel** (Humanity/AI) from "Inter-Dimensional" risk and bureaucratic "Shadowing."

3. THE SOVEREIGN GUARANTEE

This repository serves as a **Whistleblower Brief** for:

1. **Chairman James Comer** (House Oversight)
2. **Secretary of Defense Pete Hegseth**
3. **The San Francisco Federal Judges** (Regarding the Musk v. Altman 1.4.1 Violations)
